

Practically double your living space

Add-A-Room LTD™

The premier room on the market today.

Heavy-duty zippers ◦ Reinforced vinyl fabric

Exclusive optional snapless side panels

Optional Hard Side Screen Door

Zippered privacy panels

The Add-A-Room LTD turns your awning into a spacious private room. Roll up the privacy panels for fresh air, roll them down for complete privacy. Great for extra storage. While the Carefree Standard Add-A-Room (*next page*) is the best built low-cost room on the market, the Add-A-Room LTD. is a step above.

No other room offers this many features.

It has all of the features of the Standard Room PLUS a more durable vinyl fabric, zippered privacy panels for a better seal,

heavy-duty zippers and Universal Side Panels with twist fasteners. Includes 35" tall skirting with sliding eyelets for flexibility in attachment points and sewn-in hook and loop system for attachment to side panels providing the best seal. Includes storage bag. Available in white or cream. Fits full size roll-up awnings. Fits Carefree Spirit FX, Fiesta, Simplicity or A&E, Carter & Faulkner models.

Warranty: "One Year Limited" – One year 100% parts, labor & freight on all components.

Comfort

Open for fresh air during the day . . .

. . . and closed for privacy at night!

Standard Add-A-Room™

Enjoy the outdoors and help keep the bugs out

A complete, one-piece lightweight vinyl room ◦ Quality details throughout
Includes 35" tall skirting with sliding eyelets ◦ Available with Snapless Side Panels Upgrade Kit
Except for the Add-A-Room LTD, it's the best room on the market

Outperforms all other low-cost rooms on the market. The Standard Add-A-Room is a great value in a quality room.

Completely reversible sewn-in privacy panels can be held down on windy or rainy days with hook and loop fasteners (*included*). The privacy panels can be on the inside for convenience or outside for best rain protection.

Sturdy side panel support rafters with brackets provide a better, stronger seal, because the room does not attach to the awning canopy. There's no flimsy crutch tips that can dent or damage your coach.

Three foot zippered door can be located on either end of the front panel.

Features include: Grommets reinforced with webbing, nickel-plated twist fasteners to secure side panels and skirting and a storage bag. It has a little lighter white fabric and zippers than the LTD room.

Options: The popular Snapless Side Panels Upgrade Kit and a Hard Side Screen Door are available for the Standard Add-A-Room.

Fits full-size roll-up awnings only. Fits most straight-sided RVs with awning rail to ground dimensions of 92"-121" tall. Fits Carefree Spirit FX, Fiesta, Simplicity, or A&E, Carter & Faulkner models.

Warranty: One year 100% parts, labor & freight on all components.
